(Ex VAT and Carriage) Grey colour add 5%					

The 6mm panels weigh 16 Kg Used for protecting the surface of tarmac or decorative stone on a solid base
The 12mm panels weigh 32 Kg Used for Vehicles up to 30 tons over firm grass for a short period of time
The 15mm panels weigh 40 Kg Used as the 12mm but where the road will be used for several months
The 18mm panels weigh 50 Kg Used for Vehicles up to 80 tons or when the road is over softer ground

MOST OTHER PLASTIC ROADWAY MATS ARE ONLY 12MM THICK AND ARE MORE EXPENSIVE THAN OUR 18MM THICK MATS !

The panels can be laid Side by side to form a 2.4 m wide road, or end to end to form two trackways

We have supplied products to hundreds of Mobile Home parks and many Local Councils.
